

Hotels Etc. distributorship

When a customer places an order through my website, do I fulfill the order or does Hotels Etc.? What if I do not have a supply of memberships on hand? Thank You, Karen

You have to fulfill the orders. Once someone makes a purchase through your website you will receive an email from paypal. Simply insert the membership card inside the welcome member package and mail it to your customer. If you do not have enough memberships on hand, give us a call, order more and we will overnight them to you.
